VIGORO

Specially prepared plant food

You can beautify your home by having a velvety green lawn, crisp, succulent vegetables, colorful flowers, luxuriant shrubbery, and stately trees if you will keep in mind the fact that plants, like human beings, must be fed — and fed the right kind of plant food.

VIGORO provides an economical, practical, and effective way to secure finest results. Economical because the cost is only 10¢ to 20¢ for every 100 square feet. Practical because it is clean, odorless, easy to apply — can be sown by hand like grass seed or applied with an ordinary kitchen colander. Effective because it contains all of the elements of plant-food required to produce early, vigorous growth and bring fruit, flowers and foliage, to full development. Complete directions in every bag.
